TEST SYLLABUS JEE Advanced (07-09-2025)

Class 12th

SUBJECT	LECTURES
Organic Chemistry	Alkyl Halide and Aryl Halide, Grignard Reagent, Carbene and Nitren, Alcohol and Ether
Inorganic Chemistry	Types of Reaction, Coordination Compound, p-Block Elements, d-Block Elements
Physical Chemistry	Mole, Redox, Kinetics, Ionic Equilibrium, Thermodynamics, Thermochemistry, Electrochemistry (till taught)
Physics	SHM, Waves, Geometrical Optics, Wave Optics, Electrostatics, Gravitation, Current Electricity, Capacitance, Magnetic Effect of Current, Kinematics, Newtons Law include Circular Motion, Work Power Energy, Momentum and Centre of Mass
Maths	Logarithm, Quadratic Equation and Inequation, Compound Angle, Sequence and Progression, Trigonometry Equation Determinant, Matrices, Function, ITF, Limits, Continuity, Differentiability, Method of Differentiation, Indefinite Integral and Definite Integral
